1. Make sure that your device can see the “Harvard University” wireless network.
2. Open your web browser. You should see

![Image of Harvard University FastAccess Client Management System]

Check the checkbox and click Next.

3. You’ll be asked to register your computer. Use the following login and PIN:

![Image of Computer Registration]

Login ID: Group1 (case sensitive)
PIN: renrob@comcast.net

Press "Submit" to continue
4. You'll get to the following page:

![Personal Information](image)

Do **NOT** change any information on the page. Click Next.

5. Follow the instructions on your screen. Click “Check Firewall”, “Continue”, etc. whenever appropriate. One of the pages will recommend you to install antivirus software. You do **NOT** need to do it, and can simply click “Finish”.

6. After your computer is successfully registered, **close all open browser windows** and open a new one to begin browsing.
