## **Academic Advising Agreement**

#### I. GRADUATE STUDENT INSTRUCTIONS:

- 1. All G1 PhD students must return this completed form to the Office of Academic Programs (Pierce 110) by the first Monday in April.
- 2. All G2+ PhD students must complete this form *at least once per year*—on the first Monday in May—to reaffirm their ongoing relationship with his or her Research Advisor.
- 3. Starting in 2019-2020, each SEAS area is setting expectations for each G3+ PhD student to meet with their research committee at least annually. If you have met in this academic year (or have it scheduled), please list the date(s) where indicated on this form.
- 4. PhD students must also complete this form at any point when their academic advising network changes—whether that means changing the primary Research Advisor or adding/changing co-advisor(s).
- 5. SM and ME students will only complete this form if they have secured external funding (e.g., a Draper LabFellowship).
- 6. PLEASE NOTE: All PhD students must complete this form—whether for April 1 in the G1 year or May 1 in the G2 year and beyond. This includes students with external funding as well as students with non-SEAS advisors.
- 7. Research assistantships are classified as salaried positions. IF YOU HAVE NOT BEEN ON THE HARVARD UNIVERSITY PAYROLL AS AN EMPLOYEE WITHIN THE LAST TWELVE MONTHS you will need to complete an I9 form and return it to the Office of Academic Programs along with all necessary forms of identification.

#### II. PRIMARY RESEARCH ADVISOR ROLE:

1. The primary Research Advisor is expected to chair the Qualifying Exam Committee as well as the Research Committee, except in those cases where the Research Advisor is not SEAS faculty. In such cases the SEAS Administrative Co-Advisor will chair both the Qualifying Exam and Research Committee.

### III. FINANCIAL INFORMATION

- 1. In the G2 year, the Research Advisor will pay the RA salary as well as approximately 59% of the advisee's tuition and fees in the semester during which the student satisfies the TF Requirement.
- 2. Should a student have a TF appointment in the G3+ years the Research Advisor will pay the RA salary as well as approximately 54% of the advisee's tuition and fees in the semester during which the student teaches.
- 3. The Research Advisor will pay the full tuition and fees in the G3 year and above. The Research Advisor also pays the standard RA salary for 12 months unless the student has an additional fellowship, teaching appointment, or internship.
- 4. After this form is completed by both the student and the advisor(s), SEAS Finance will follow up with the appropriate Research Administration staff to confirm budgeting codes for the coming year.
