Section 2: Reviewing PCard Charges in ORACLE

The PCard sweep occurs every Thursday at 3 pm, which is when the charges you’ve made hit the general ledger/budget. We ask that individual PCard holders or department PCard reviewers log into the ORACLE PCard settlement system the Monday BEFORE each week’s sweep to ensure charges have an appropriate business purpose and coding.

STEP 1: Log in to Oracle and select HRVD^PCard^Reviewer

STEP 2: Select the cardholder whose charges you would like to review

This link will take you to the Harvard PCard Settlement System. Click on the drop-down arrow for the Group/Card menu and select the name of the cardholder whose charges you want to review.

The right-hand side of the screen “Run Report for Upcoming or Prior GL Sweep” is the reporting tool you’ll use to reconcile your receipts. For the time being, you can leave this section alone. We’ll come back to it in a future step.
STEP 3: Choose how you want to view your charges
The left-hand part of the screen “Review Card Purchases and GL Coding” is where you can search for your purchases and edit their business purposes and coding. If you click the drop-down arrow to the right of “All Purchases for All Upcoming Sweeps” you can choose if you want to view all charges for all sweeps, charges for the current week’s sweep, all un-reviewed charges, or all un-reviewed charges in the current week’s sweep.

Once you choose how you would like to view your charges, click “Review.”

STEP 4: Review the charges
Upon clicking “Review,” you’ll be sent to this page.

Click the “Edit” button where you’ll enter a complete business purpose and if necessary correct the GL coding.
In the Business Purpose section write a complete business purpose. When paying an invoice include the invoice numbers.

Enter the correct coding into each box. You can split the charge between multiple coding by selecting “Copy.”

Click “Mark as Reviewed, Save and Return to List,” your charges are now reviewed! Complete this process for all remaining charges.

You’ll notice once your charges are reviewed your name appears next to each charge.

Once your Reviewer has reviewed the PCard charges for the week, their name will appear next to the charge, and you’ll know that the review is complete. The cardholder and the reviewer cannot be listed as the same person in the PCard Settlement System. Please don’t over-review to change the name back to your name, as we will have to re-review your charge again.

Once you have reviewed all charges, select the “Main Review Screen” link to take you back to the main page.
Section 3: Receipt Reconciliation
Now that you’ve reviewed your charges save the corresponding week’s report and attach all corresponding receipts that are over $75 for a complete PCard sweep package.

STEP 1: Select the Weekly Sweep to Run a Report
From the main page of the Harvard PCard Settlement System, we’ll now focus on the right-hand side of the screen. From here you can select the Sweep Date you want to run the report for. If you click on the drop-down menu, you’ll notice you can run a report for any prior week, or any upcoming sweep up to three weeks.

Select the cardholder’s name from the Group/Card section above, the sweep date you want and then select the “Report” button.

STEP 2: Print the Report
The screen below will populate a tidy report for the cardholder you chose and their expenses that will sweep on the week you selected.

Print this page, attach corresponding receipts in chronological order and upload to Dropbox.
You have now completed your PCard review for the week.
