Description of your 91r Course Project

Please answer the following requests, using additional pages, and attach them to this form.

[1] 91r Topic: Describe the topic you plan to investigate and model, or indicate the body of scholarly literature that will form the basis of your readings. Include a general description of the mathematical content of your project or readings.

[2] Schedule: Indicate anticipated times at which you will meet with your sponsor.

[3] Sponsor Statement: Attach a statement signed by your 91r sponsor explaining how your grade will be determined. The project report or other deliverables on which the grade will be based must be turned in to the faculty supervisor by the final day of reading period.

Signature of (A)DUS: ___________________________ Date: ___________________________

Please drop off your signed registration form, with attachments, by Study Card Day, to the Office of Student Affairs, Pierce 110. In addition, submit this form (and all attachments) electronically to am-advising@seas.harvard.edu.
